

## PRODUCT CODE

**FH-Q4**

## PRODUCT DESCRIPTION

*Colour camera controller*

## NARRATIVE

The quad controller will allow you to exhibit Picture In Picture, dual screen or even quad screen images on one screen. You can have the reverse camera image, navigation system and two movies playing all on the one screen. It can be also used for up to 4 camera images. Each source is simply selected by remote control or push button. This also has a DVR record out function.
