

PRODUCT CODE

FI-89

PRODUCT DESCRIPTION

Motorised tilt camera

NARRATIVE

1/3" motorised tilt camera for use with cars, trucks and buses. The adjustable vertical angle by tilt control gives a clear picture of what is happening behind the vehicle. Complete with ultra low light performance feature. Controlled via FI-56 screen.

The CCD camera features a heavy-duty, vandal and damage resistant waterproof housing for the toughest conditions. Fitted with a built-in microphone. Complete with fixing bracket, cable and screw kits.
