

## PRODUCT CODE

**FI-90**

## PRODUCT DESCRIPTION

*1/3" Colour motorised shutter camera*

## NARRATIVE

The die cast metal housing with moveable shutter protects this high quality sony camera. The camera lens stays covered while you're driving, saving it from road grim and dust so your vision is not impaired when the camera is needed. Vandal and damage resistant, shockproof, waterproof and IR enhanced for night vision. Suitable for the toughest, harshest environments. It has automatic heating to eliminate any condensation. Controlled via FI-56 screen.
